

ERRATA

Erratum: Resonant tunneling of two-dimensional electrons through a quantum wire: A negative transconductance device [Appl. Phys. Lett. 47, 1347 (1985)]

Serge Luryi and Federico Capasso
AT&T Bell Laboratories, Murray Hill, New Jersey 07974

Equations (1) and (3) in our letter contain numerous typographical errors (due to the authors). The correct form of these equations is as follows:

$$\zeta = b(1 - e^{-\pi\phi/V_D}) + \frac{d}{\pi} \ln(1 - 2e^{\pi\phi/V_D}) \quad (1)$$

and

$$\zeta = b \operatorname{coth} \left[\frac{\pi\phi}{2V_G} \right] + \frac{\phi d}{V_G}. \quad (3)$$

None of our conclusions is affected.

Erratum: Preparation and electrical properties of InP_xO_y gate insulators on InP [Appl. Phys. Lett. 48, 375 (1986)]

H. L. Chang, L. G. Meiners, and C. J. Sa
Department of Electrical Engineering & Computer Sciences, University of California, San Diego, La Jolla, California 92093

An inadvertent omission occurred in our letter. The acknowledgment should have read: "This work was supported

under grant number ECS-8315570 from the National Science Foundation."
